Hello,

Attached is a list of positions the Lab Bureau has lost since FY09. I highlighted the actual people that were affected as opposed to vacat positions we eliminated. There are three entries in blue and those were the people involuntarily transferred last year. If you need background on that process Marianne Dill or Lana Jerome should be able to provide that.

I do have the hiring information for Tracy Stiles and Linda will deliver this on Tuesday when she's at 250 for Bureau Directors.

Please let me know if you have any questions. Thanks.

Grace
